EBC Finishes in the Black

EBC is pleased to report that after tremendous support from donors and stronger than anticipated student fee revenue, we've posted a modest surplus for our year-ending April 30th 2009. Audited statements are not yet complete, but preliminary estimates are for at least \$30,000. Thank you to all who gave sacrificially when only three months ago it looked like we wouldn't make it. Praise God for the support of churches, individuals and a stronger than anticipated student resident population.
