CM240AA EveryBody Belongs: Theology, Disability and the Church

How we relate to limitation, vulnerability, and disability fundamentally affects how we love God and people created in His image. This course examines disability issues from various perspectives and seeks to answer the question, "How does God view disability?" Participants will be equipped to foster belonging in ministry and outreach with people living with disabilities and their families. Engaging modules address practical, theological, and relational aspects of being the Body of Christ as people of unique abilities—together.

PCSA-AC-006 Therapeutic Modalities 2 & Addiction Counselling Skills

Recovering from life-controlling addictions requires an approach that encompasses all aspects of life: physical, emotional, psychological and spiritual. A faith-based program sets a firm foundation for counsellors who wish to treat addiction from a Christian perspective. Emmanuel Bible College is currently the only Christian institution to offer an addictions counselling program certified by the Canadian Addictions Counsellors Certification Federation.
